Avish,

Thank you! Your "Ding Happens!" keynote was a resounding success and was the perfect way to kick off the Florida Society of Association Executives Annual Conference.

I heard a lot of great comments from your program. Words I heard (and saw on Twitter) include, "Brilliant," "Fabulous," "So wonderful," Bravo!" and, of course, "Hilarious!"

The audience appreciated your skillful use of improv comedy, as well as the variety of interaction that kept the crowd engaged. It was unlike anything we had seen before, and it was extremely well-received.

You energized the group, set the tone, and gave the audience some relevant tools they can use to be more effective in their jobs. I would highly recommend you to any association, company, or conference that is looking for a funny, interactive, high-energy, and relevant speaker!

Sincerely,

Frank Rudd
